

## ALPHFLATOR® ENDO CO2 [AE-05LC]

- Increase acceptance of screening
- Preset pressure and flow selection
- Electronic controlled gas refilling technology
- Allows easy monitoring of parameters during insufflation process
- Control Insufflation guarantees maximal patients safeness and comfort
- Micro controller based
- Inbuilt heating system
- Reduces the symptoms for intermediate and massive disorder resulting from colonoscopy procedure.
- Display cylinder pressure

### DEVICE

| Part No. | Description   |
|----------|---|
| AE-05LC  | Alphflator® Insufflator for Endoscopy Co2 Gas LCD Display |

### SUPPLIED ACCESSORIES

| Part no.   | Description                   |
|------------|-------------------------------|
| HPT-45     | High pressure tubing Co2      |
| S-28/ S-16 | Spanner                       |
| MC-03      | Mains cord                    |
| STEF       | Silicon tubing for endoflator |

### TECHNICAL DATA

|                       |                                  |
|-----------------------|----------------------------------|
| Insufflation medium   | Medical Carbon dioxide gas (Co2) |
| Display               | LCD                              |
| Gas flow              | Low/Medium/High                  |
| Pressure range        | Low/Medium/High                  |
| Power supply          | 100-240 V ac                     |
| Frequency             | 50-60Hz                          |
| Maximum Power         | 100VA                            |
| Classification        | Protection Class 1, type Bf      |
| Dimension (W x H X D) | 300 x 138 x 320 mm               |
| Weight                | 12kg                             |

High pressure tubing co2  
HPT-45

\* High Pressure Tubing for central gas supply- HPT-CS3

Spanner  
S-28/ S-16

\* Filter single use only  
CF-01

Mains cord  
MC-03

\* High pressure tubing Co2 Pin index  
HPT-PI4

Air/Co2 Olympus Bottle\*

\* Air /Co2 fujinon/pentax bottle

Further Accessories available on request
